P.O. Box 418, Chester, N.J. 07930 201/879-7902

July 16, 1980

238339

Dear Sir:

On May 31, 1979, pursuant to N.J.S.A. 48:2-21, Combe Fill Corporation filed before the Board of Public Utilities for increases in rates charged at two solid waste landfills operated in Morris County.

On July 7, 1980, the Board of Public Utilities concluded that Combe Fill Corporation was entitled to an increase in rates and that the Board, in the absense of substantial evidence to the contrary, will apportion the increase on an across-the-board basis to all classes of service and to all customers. On July 14, 1980, the rate increase became effective under a new tariff filed in accordance with Docket No. 795-530.

The results of this decision affect only those classes of service which Combe Fill Corporation applied to increase. These classes are municipal solid waste with a present rate of \$1.05 per cubic yard and bulky waste at \$1.35 per cubic yard.

Should you have any questions concerning the aforementioned, please do not hesitate to contact me.

Very truly yours,

COMBE FILL CORPORATION

Gary A. Molchan  
Vice President and General Manager

GAM/ejj

cc: Charles J. McDonald

Enclosure

COMBE FILL CORPORATION  
SOLID WASTE DISPOSAL UTILITY  
SW-S003, COMBE FILL SOUTH  
SW-S003-1, COMBE FILL NORTH  
P.U.C. No. 2

SECTION 2  
FIRST REVISED SHEET NO. 1  
SUPERSEDING  
A. ORIGINAL SHEET NO. 1  
B. ORIGINAL SHEET NO. 1

### STANDARD TERMS AND CONDITIONS

1. The solid waste disposal utility will maintain business hours for disposal from 7:00 A.M. to 4:00 P.M. Monday through Friday and from 7:00 A.M. to 12:00 P.M. on Saturday with exception of the following holidays: New Years Day, Thanksgiving, Christmas, Memorial Day, July 4, and Labor Day.
2. The solid waste disposal utility reserves the right to temporarily limit or curtail the scheduled hours of operation of the facilities of the solid waste disposal utility or close the facility if such is necessitated in order to comply with the rules and regulations or orders of any governmental authority or if the solid waste disposal utility deems it necessary in the public interest or to comply with the engineering plans of the solid waste disposal utility.
3. The solid waste disposal utility reserves the right to curtail the hours of services, the class of service, or to close the solid waste disposal utility's facilities due to inclement weather which in the sole discretion of the solid waste disposal utility makes it impossible to conduct the operations in a safe, adequate and proper manner.
4. The solid waste disposal utility will assist in the selection of the applicable rate for disposal. The responsibility for making the selection shall essentially rest with the disposal utility.
5. The terms and conditions as set forth in this tariff govern all classes of service to the extent applicable unless expressly modified by the terms and specific municipal contracts made with the solid waste disposal utility.
6. All rates mentioned in this tariff are predicated on the present labor, equipment, machinery and operating charges in effect on the date this tariff was issued and the solid waste disposal utility reserves the right to change or amend this rate schedule if any of the above factors are changed, subject to the approval of the Board of Public Utilities Commission.

DATE OF ISSUE: July 9, 1980

EFFECTIVE: July 14, 1980

By: Kenneth J. Rogers, President  
Combe Fill Corporation  
P.O. Box 418  
Chester, New Jersey 07930

Filed pursuant to Order of the Board of Public Utilities Commissioners, State of New Jersey, entered in Docket No. 795-530; dated July 7, 1980.

SUPERSEDING  
A. ORIGINAL SHEET NO. 2  
B. ORIGINAL SHEET NO. 2

7. The solid waste disposal utility reserves the right to refuse access to any person, customer, corporation, partnership or other entity whatsoever who has failed to comply with any provision of this tariff, including payment or the terms and conditions until full and complete compliance therewith has been made or assured to the reasonable satisfaction of the solid waste disposal utility.

8. For those customers who do not have their credit approved by the solid waste disposal utility, payment shall be by exact cash or coupon before entrance to the solid waste disposal utility's facility. The solid waste disposal utility also issues coupon books for those customers who would rather their drivers did not carry cash with them where credit has not been approved. For those customers who have established their credit with the solid waste disposal utility, bills are issued on the 15th and last day of the month and payments are due within ten days from the date the bill was issued by the solid waste disposal utility.

9. Credit may be established with the solid waste disposal utility by applying to Combe Fill Corporation, P. O. Box 418, Chester, New Jersey 07930, for credit verification and approval; a deposit is required consistent with N.J.A.C. 14:3-7.2.

10. The solid waste disposal utility reserves the right to exclude from being placed on its facilities any substances or materials, liquid or solid, which the solid waste disposal utility deems to be improper by reason of the fact that the said material is dangerous, flammable, poisonous, explosive, injurious to the public health, welfare or interest or for any other reason deemed to violate the terms of the registration issued by the New Jersey Department of Environmental Protection.

11. All customers, persons, companies, corporations, collectors or entities of any kind who use the facilities of the solid waste disposal utility, shall obey all the rules and regulations promulgated by the solid waste disposal utility. If any person, customer, company, collector, corporation or entity of any kind violates any rules or regulations promulgated by the solid waste disposal utility, then the solid waste disposal utility may exclude them from its facilities.

SUPERSEDING  
A. ORIGINAL SHEET NO. 3  
B. ORIGINAL SHEET NO. 3

12. The solid waste disposal utility shall make and promulgate rules for the safe, adequate and proper conduct of all those who use the facilities of the solid waste disposal utility.

13. The solid waste disposal utility reserves the right to exclude from its facilities anyone who damages any of the property of the solid waste disposal utility and may not permit that person, customer, corporation, company or entity to return to the facilities of the solid waste disposal utility until full restitution is made to cover all damages to the property.

14. In order for any customer whatsoever to use the facilities of the solid waste disposal utility, its vehicles must be in safe operating condition and be duly licensed and inspected by all Federal, State, County, Municipal or other governmental authorities having jurisdiction over said vehicles. All vehicles which use the facilities of the solid waste disposal utility shall have the name and address of the operator clearly printed on each said vehicle on a noticeable part of each said vehicle.

15. All customers using the facilities of the solid waste disposal utility shall obey all safety rules and follow all directions given to them by the authorized personnel of the solid waste disposal utility.

16. All vehicles on the solid waste disposal utility's premises must be operated by a duly licensed and competent driver not in violation of any of the provisions of Title 39, including, but not limited to narcotics or alcoholic beverages. The determination of whether or not the said driver is in violation of this section shall be within the sole discretion of the solid waste disposal utility.

17. All spillage must be properly cleaned up by the customer causing same.

18. All vehicles using the solid waste disposal utility's facilities and premises must be constructed, loaded and operated so that all vehicles enter and exit the utility's facilities under their own power and so as not to cause any spillage or excessive noise of any sort.

SUPERSEDING  
A. ORIGINAL SHEET NO. 4  
B. ORIGINAL SHEET NO. 4

19. In the event any customer's vehicle becomes inoperable or immovable on the solid waste disposal utility's facilities or any access road thereto, the solid waste disposal utility shall have the right to have the vehicle removed at the customer's expense.

20. The solid waste disposal utility will make every reasonable effort to accept all material properly brought to the operating site of the solid waste disposal utility. The solid waste disposal utility reserves the right to temporarily refuse any material which exceeds the available capacity of the site, equipment or other conditions or because of inclement weather which threatens life, person or property on the facilities, operating site or any access road. The solid waste disposal utility will make every reasonable effort to keep the access roads under its jurisdiction and the working areas, site locations and facilities of the solid waste disposal utility in good and operating order but the solid waste disposal utility shall not be responsible for any damage done to any customer's vehicles or property of any kind while the customer is on any access road or working area or site location or within the facilities of the solid waste disposal utility.

21. All vehicles using the access roads to and on the operating site and on the facilities of the solid waste disposal utility shall assume all risks resulting from the operations conducted thereon, including, but not limited to tire and suspension damage and shall be of the size and weight that can be safely operated on the operation site and the facilities of the solid waste disposal utility or on any access road without damage to life, person or property and all vehicles using the access roads to and on the operating site and on the facilities of the solid waste disposal utility shall be insured by liability insurance of at least \$300,000.00/\$500,000.00 and \$100,000.00 for property damage. All customers, persons, companies, corporations, collectors or entities of any kind must, prior to using the facilities of the solid waste disposal utility, submit copies of their certificates of insurance reflecting the above coverage.

22. The solid waste disposal utility reserves the right in its sole discretion to open up for public use any additional areas for sanitary landfill operations which are not presently being used as a sanitary landfill but which are under the ownership of the solid waste disposal utility subject to the necessary governmental approvals. The determination as to what additional areas should be opened for sanitary landfill operations shall be in the sole discretion of the solid waste disposal utility.

23. Combe Fill Corporation hereby adopts the Regulations for Solid Waste Utilities promulgated by the Board of Public Utilities of the State of New Jersey, which Regulations are incorporated herein by reference thereto.

24. Definitions:

24.1 Municipal Waste: Waste, except as specifically defined herein in Sections 24.8, 24.9, 24.10, 24.12 and 24.13, originating in the community, residences, restaurants, stores, markets, theaters, hotels, institutions, manufacturing operations and public buildings on a daily basis excluding those items that the utility is prohibited from accepting by the New Jersey Department of Environmental Protection.

24.2 Combe Fill North: Public Utility Solid Waste Disposal SW-8003-1, Department of Environmental Protection Solid Waste Disposal Facility 1426A.

24.3 Combe Fill South: Public Utility Solid Waste Disposal SW-8003, Department of Environmental Protection Solid Waste Disposal Facility 1407A.

24.4 Compacted: Waste compressed or altered from its original form.

24.5 Non-Compacted Roll-Off: Roll-off container that contains non-compacted waste.

24.6 Compacted Roll-Off: Roll-off container that contains compacted waste.

24.7 Transfer Trailer: Compacted and non-compacted trailer that is detachable and/or articulated.

24.8 Bulky Waste: A large item of waste material, appliances, furniture, vehicle parts, and tree parts less than 4 inches in diameter.

24.9 Building Waste: Disposal of building materials including wood and pallets and other similar and related wood materials.

24.10 Demolition Waste: Demolition material including but not limited to concrete, dirt, metal, iron, glass, steel, wood and other similar and related materials.

24.11 Net Cash: Section 2, First Revised Sheet No. 2, Item 8 and Item 9.

Items 25-100 Reserved for future use.
